

# **32<sup>nd</sup> NATIONAL CONFERENCE OF INDIAN SOCIETY OF ORAL IMPLANTOLOGISTS**

**REGENERATE, RESTORE,  
REHABILITATE IN DIGITAL ERA**

## **SCIENTIFIC PROGRAM**

**4<sup>th</sup> - 6<sup>th</sup> SEPTEMBER 2026**

 **HICC, HYDERABAD, INDIA**

**[www.iso2026.com](http://www.iso2026.com)**

# WELCOME MESSAGE

The Indian Society of Oral Implantologists (ISOI) is delighted to welcome you to its 32nd Annual Conference, taking place on September 3rd, 4th, 5th, and 6th, 2026, in the vibrant city of Hyderabad—celebrated for its rich heritage, technological prowess, and growing reputation as a premier medical tourism destination.

This year's conference embraces the theme: **"Regenerate, Restore, Rehabilitate in the Digital Era"**—a reflection of our commitment to blending biological principles with cutting-edge digital innovations to elevate patient care and clinical outcomes.

For over three decades, the ISOI Annual Conference has stood as a flagship scientific event in Indian dentistry, setting benchmarks in academic excellence, professional collaboration, and innovation in oral implantology.

ISOI is committed to advancing the science and art of Oral Implantology through research, education, and the promotion of current and emerging procedures. The society strives to enhance public dental health while upholding the highest standards of ethics in clinical practice. It also honors individuals who have made significant contributions to the field.

This prestigious event brings together leading clinicians, academicians, industry innovators, postgraduate students, and young researchers—all united by a shared passion for pushing the boundaries of implantology.

The 32nd edition in Hyderabad promises to elevate the experience with pioneering research presentations, breakthrough technologies, live demonstrations, hands-on skill workshops, and expansive industry exhibitions. Whether you're a seasoned implantologist refining advanced protocols, a general dentist integrating implants into practice, or a student seeking inspiration and exposure, this conference is designed to deliver practical insights, transformative skills, and enduring professional connections.

Welcome to Hyderabad!

**Dr G Vijay Srinivas**  
Organising Chairperson

**Dr K Padma Rayalu**  
Organising Secretary

# SCIENTIFIC PROGRAM

Day 1 | Friday, 4th September 2026

Carl Misch Hall

Site Development, Esthetics & Regeneration

| TIME                | TOPIC                                                                                                                | SPEAKER                                    |
|---------------------|----------------------------------------------------------------------------------------------------------------------|--------------------------------------------|
| 09:30 AM - 10:00 AM | Painless Implantology with Advanced Techniques                                                                       | Dr. Lakshaya Kumar                         |
| 10:05 AM - 10:40 AM | Evolution of the Crestal Sinus Approach                                                                              | Dr. T. V. Narayan                          |
| 10:45 AM - 11:20 AM | The Esthetic Implant Blueprint: Anterior Zone                                                                        | Dr. Vinay V. Kumar                         |
| 11:20 AM - 11:40 AM | <b>Tea Break</b>                                                                                                     |                                            |
| 11:40 AM - 12:15 PM | Reinforced for Regeneration- Ti Enhanced PTFE Membranes in Bone Reconstruction                                       | Dr. Saurabh Kamat                          |
| 12:20 PM - 12:50 PM | Zygomatic Implant – the ultimate anchor                                                                              | Dr. Divye Malhotra                         |
| 12:55 PM - 01:40 PM | <b>Lunch</b>                                                                                                         |                                            |
| 01:40 PM - 02:15 PM | Rethinking GBR: Tooth Rings & Zirconia Shields                                                                       | Dr. Sunil Kothawar                         |
| 02:20 PM - 02:55 PM | 3D Bone Regeneration in Atrophic Jaws (Khouri / Modified Khouri)                                                     | Dr. Sitanshu Vohra                         |
| 03:00 PM - 03:35 PM | Complications in Sinus Lift                                                                                          | Dr. Nikhil Khandge                         |
| 03:40 PM - 04:10 PM | Chasing the Perfect Pink: Soft-Tissue Esthetics                                                                      | Dr. Sudhindra Kulkarni                     |
| 04:10 PM - 04:40 PM | <b>Panel Discussion on Bone Augmentation: Grafting without Guesswork: Decisions that Determine Success</b>           | <b>Moderator</b><br>Dr. Sudhindra Kulkarni |
|                     | <b>Panelists:</b> Dr. Sunil Kothawar, Dr. Sitanshu Vohra, Dr. Nikhil Khandge, Dr. Amol Thorat, Dr Anuj Hitesh Gandhi |                                            |
| 04:40 PM - 04:55 PM | <b>Tea Break</b>                                                                                                     |                                            |
| 05:00 PM - 06:00 PM | <b>Inauguration</b>                                                                                                  |                                            |
| 06:00 PM - 06:45 PM | <b>ORATION</b><br><b>Topic:</b> Is the worldwide Zygo-mania Justified ?                                              | Dr. Gunaseelan Rajan                       |

**Day 1 | Friday, 4th September 2026**

## Brānemark Hall

### Immediate Function & Alternative Implant Concepts

| TIME                | TOPIC                                                                        | SPEAKER                 |
|---------------------|------------------------------------------------------------------------------|-------------------------|
| 09:30 AM – 10:05 AM | Immediacy with 2-Piece Bicortical Implants                                   | Dr. Mayur Khairnar      |
| 10:10 AM – 10:40 AM | Implantology and PRF Growth Factors: Latest Protocols Explained              | Dr. Prasad Joshi        |
| 10:45 AM – 11:30 AM | Bone-Driven Implantology in Management of Atrophic Ridges                    | Dr. Bharath Kumar Jayam |
| 11:30 AM – 11:40 AM | <b>Tea Break</b>                                                             |                         |
| 11:40 AM – 12:15 PM | Predictable Immediate Functional Loading with Corticobasal® Implants         | Dr. Vivek Gaur          |
| 12:20 PM – 13:10 PM | Contemporary Digital Implantology, Risk – Management in Implant Placement    | Dr. Hossam Dawa         |
| 13:10 PM – 01:40 PM | <b>Lunch</b>                                                                 |                         |
| 01:40 PM – 02:10 PM | Nerve Repositioning                                                          | Dr. Arvind U D          |
| 02:15 PM – 02:50 PM | Balance of Hard and Soft Tissue                                              | Dr. Kunal Banka         |
| 02:55 PM – 03:25 PM | Immediacy – Trend or Necessity?                                              | Dr. Rishika Tiwari      |
| 03:25 PM – 03:40 PM | <b>Tea Break</b>                                                             |                         |
| 03:40 PM – 04:10 PM | S.A.F.E Protocol: Redefining Zygomatic Implantology through guided precision | Dr. Akash Chakravarthy  |
| 04:10 PM – 04:40 PM | Why Systems Engineering Is the Next Frontier of Digital Implantology         | Mr. Sudeep Paul         |
| 05:00 PM – 06:00 PM | <b>Inauguration</b> (Carl Misch Hall)                                        |                         |
