WELCOME MESSAGE

The Indian Society of Oral Implantologists (ISOI) is delighted to welcome you to its 32nd Annual Conference, taking place on October 2nd, 3rd, and 4th, 2026, in the vibrant city of Hyderabad—celebrated for its rich heritage, technological prowess, and growing reputation as a premier medical tourism destination.

This year's conference embraces the theme: **"Restore, Regenerate, Rehabilitate in the Digital Era"**—a reflection of our commitment to blending biological principles with cutting-edge digital innovations to elevate patient care and clinical outcomes.

For over three decades, the ISOI Annual Conference has stood as a flagship scientific event in Indian dentistry, setting benchmarks in academic excellence, professional collaboration, and innovation in oral implantology.

ISOI is committed to advancing the science and art of Oral Implantology through research, education, and the promotion of current and emerging procedures. The society strives to enhance public dental health while upholding the highest standards of ethics in clinical practice. It also honors individuals who have made significant contributions to the field.

This prestigious event brings together leading clinicians, academicians, industry innovators, postgraduate students, and young researchers—all united by a shared passion for pushing the boundaries of implantology.

The 32nd edition in Hyderabad promises to elevate the experience with pioneering research presentations, breakthrough technologies, live demonstrations, hands-on skill workshops, and expansive industry exhibitions. Whether you're a seasoned implantologist refining advanced protocols, a general dentist integrating implants into practice, or a student seeking inspiration and exposure, this conference is designed to deliver practical insights, transformative skills, and enduring professional connections.

Looking forward to seeing you in Hyderabad!

HYDERABAD

Hyderabad is the capital and largest city of the Indian state of Telangana. It occupies 650 km² (250 sq. mi) on the Deccan Plateau along the banks of the Musi River, in the northern part of Southern India. With an average altitude of 542 m (1,778 ft), much of Hyderabad is situated on hilly terrain around artificial lakes, including the Hussain Sagar Lake, predating the city's founding, in the north of the city centre. According to the 2011 Census of India, Hyderabad is the fourth-most populous city in India with a population of 6.9 million residents within the city limits and has a population of 9.7 million residents in the metropolitan region, making it the sixth-most populous metropolitan area in India. With an output of US\$74 billion, Hyderabad has the fifth-largest urban economy in India.

Hyderabad has received 'World Green City 2022' award.
